- Actions trackers
- Communications logs
- Risk registers
- Document meta data
- Etc.

The Manager.

ENSTOA

- Rigor, discipline
- Org, people
- Process

The Leader.

ENSTOA

- Data **vision**
- Facilitating change

What is a bot, anyway?

UX | Analytics | ML

A day in the life...

ENSTOA

1. Quality data imperative
2. Management techniques
3. Leader vision
4. Bots are decision partners
