

**133 Houndsditch, London**  
**19th June 2024**

As PMO people we noticed that there was a lot of Project conferences and exhibitions, which had little to no focus on PMO.

So we curated the PMO Conference and designed it for the PMO practitioner. Focused on portfolio, programme and project offices, this one day conference is all about learning more about the PMO profession. From a full programme of PMO expert speakers, a dedicated PMO exhibition full of PMO products and services and time to network with new PMO contacts or reconnect with friends and ex-colleagues, the day is 100% PMO focused.

The PMO Conference's ultimate aim is to help develop and grow PMO professionals and the profession as a whole.

Over the last 8 years we have been able to do this by presenting new and exciting ideas, challenging what has been done before, taking PMO's thinking to new places. Whilst also exhibiting the latest products and services from experts designed to enhance the capability of PMOs to add even more value to our organisations.

This is your opportunity to get involved in the UK's biggest and most exciting PMO event.
