As PMO people we noticed that there was a lot of Project conferences and exhibitions, which had little to no focus on PMO.

So we curated the PMO Conference and designed it for the PMO practitioner. Focused on portfolio, programme and project offices, this one day conference is all about driving the PMO profession forward and providing an opportunity for PMO professionals to come together. Over the last decade we have been able to do this by presenting new and exciting ideas, challenging what has been done before, taking PMOs thinking to new places.

This is the third PMO Conference in Edinburgh (sister conference to London in June). Together we provide a full and engaging programme of PMO expert speakers and a dedicated PMO exhibition full of PMO products, services and the experts, you!, on hand to talk to, guide, provide insights and connect with our delegates.

Are you ready for the opportunity to support the UK's most exciting PMO conference?

What to Expect in Edinburgh:

- Attended by both individuals and PMO teams
- Different levels of seniority, with at least 60% of attendees at manager level and above
- Attendees from Scotland, North of England and Northern Europe are dominant
- Delegates interested in services and products that can elevate their PMO's service offerings to their businesses -
- keen to hear from experts on what's possible
- Engaged and passionate PMO professionals looking for suppliers and partners that understand the role they perform
- Some fun! Everyone likes a funky piece of merchandise or competition to enter
